

Disk

**Block-I/O Disk Systems**

	Max Disks (or TB)	Host Ports	Max Block I/O Hosts	RAID	WAN Replication
DS3500	192	SAS, iSCSI, FC	64	0,1,3,5,6,10	Continuous FC/FCIP
DCS3700 Deep Computing	180 x 2TB	SAS, FC	128	0,1,3,5,6,10	Continuous FC/FCIP
Storwize V7000 w/Easy Tier	240/480/720/960	FC, iSCSI	1024	0,1,3,5,6,10	Continuous or Snaps over FC/FCIP
XIV Distributed Cache Grid	243 TB	FC, iSCSI	1024	RAIDX	Continuous or Snaps over FC and IP
DS8800 with Easy Tier	1056	FC, FICON	1024	0,1,5,6,10	Continuous FC/FCIP w/de-stage to disk

**NAS/Unified Disk Systems**

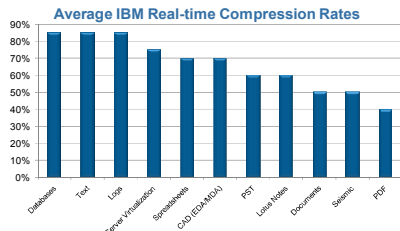

Storwize V7000U w/Active Cloud Engine	240	FC, iSCSI, CIFS/NFS etc	1024	0,1,3,5,6,10	File System Async over IP
SONAS	from 60 to 7,200	CIFS/NFS/HTTP/FTP/SCP		5, 6	File System Async over IP

**SVC: Virtualization**

SAN Volume Controller with Easy Tier - Disk Virtualization across multiple systems and vendors, Consolidation of storage islands, In-flight volume movement, Management by tiers, Replication and snapshots, Thin Provisioning, etc

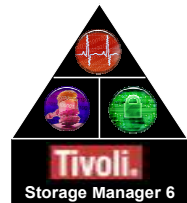

**IBM Real-time Compression Appliances for NAS**

STN6500 (16 x 1GigE) and STN6800 (8 x 10GigE) Real-time compression appliances for NAS, including HA pairs. No performance degradation.

**Tivoli Storage Manager v6**

Incremental forever backup with client-side and post-process dedup. Disk to disk backup over LAN, Disk to tape backup over FC.

**Fibre Channel, Ethernet & FCoE**

BNT, Brocade/Foundry, Juniper & Cisco Products

**Tape**

Tape System	LTO4 LTO5	Carts	Warranty
TS2900	1 HH LTO5	9	1 year NBD
TS3100/3200	1-2/1-4 HH LTO5	22/44	3 year NBD
TS3310	1-18 LTO5	30-390	1 year NBD
TS3500	1-192 LTO5	64-20,000	1 year 7x24

**ProtecTIER In-line Deduplication VTL**

TS7600 dedup VTL appliances and gateways support most backup software and most virtual tape formats. Options from 80 MiB/sec through to 1000 MiB/sec backup speed.
